Forest Ecology and Management, 43 (1991) 323–324
Elsevier Science Publishers B.V., Amsterdam

Contents of *Forest Ecology and Management*, Volume 43

VOL. 43 NOS. 1,2 SEPTEMBER 1991

Thinning effects on diameter growth in black and scarlet oak as shown by tree ring analyses
Bruce E. Cutter, Kim E. Lowell and John P. Dwyer (Columbia, MO, USA) 1
The induction of mycorrhiza in *Eucalyptus microcorys* and *Eucalyptus torelliana* grown in Hong Kong
W.K. Chan and D.A. Griffiths (Hong Kong) 15
Adaptations of shoot growth and leaf production of laboratory-grown cuttings of *Triplochiton scleroxylon* K. Schum in response to changes of irradiance
A.B.I. Igboanugo (Bangor, UK) 25
Topographic influences on soils and trees within single mapping units on a sandy outwash landscape
A.B. Hairston and D.F. Grigal[1] (St. Paul, MN, USA) 35
Climatic requirements of some commercially important eucalypt species
T.H. Booth and L.D. Pryor (Canberra, ACT, Australia) 47
Variation among *Pinus oocarpa* provenances tested in the Savanna region of Nigeria
G.O. Otegbeye (Zaria, Nigeria) 61
Secondary forest succession in New Hampshire, USA
William B. Leak (Durham, NH, USA) 69
Ecological species groups for upland forest ecosystems of northwestern Lower Michigan
G.E. Host and K.S. Pregitzer (East Lansing, MI, USA) 87
A model for the structural development of a Scots pine crown based on modular growth
S. Kellomäki and O. Kurttio (Joensuu, Finland) 103
Structure and process of Korean pine population in the natural forest
J.-Q. Li and N. Zhu (Harbin, People's Republic of China) 125
Risk and hazard of spruce beetle attack in unmanaged stands on the Kenai Peninsula, Alaska, under epidemic conditions
K.M. Reynolds and J.S. Hard (Fairbanks, AK, USA) 137
The effect of inoculation with either cultured *Frankia* or crushed nodules on nodulation and growth of *Alnus rubra* and *Alnus glutinosa* seedlings in forest nurseries
C.T. Wheeler, J.E. Hooker (Glasgow, UK), M.K. Hollingsworth, J.D. McNeill, W.L. Mason (Roslin, UK), A.J. Moffat (Farnham, UK) and L.J. Sheppard (Penicuik, UK) 153

Short Communication
Effects of forest management on stand structure and the quantity of fallen dead wood: some British and Polish examples
K.J. Kirby, S.D. Webster (Peterborough, UK) and A. Antczak (Bialowieza, Poland) 169

Corrigendum 175
Announcement 177

VOL. 43 NOS. 3,4 OCTOBER 15th 1991

Special Issue: Forest Biotechnology

Preface: Molecular approaches to forest tree biology
D.B. Neale and C.S. Kinlaw (Berkeley, CA, USA) 179
Prospects for genetic engineering of insect resistance in forest trees
S.H. Strauss, G.T. Howe and B. Goldfarb (Corvallis, OR, USA) 181
Wound-responsive gene expression in poplars
H.D. Bradshaw, Jr., T.J. Parsons and M.P. Gordon (Seattle, WA, USA) 211
Molecular and physiological genetics of drought tolerance in forest species
R.J. Newton, E.A. Funkhouser, F. Fong (College Station, TX, USA) and C.G. Tauer (Stillwater, OK, USA) 225
Molecular genetics and physiology of alcohol dehydrogenase in woody plants
D.E. Harry (Urbana, IL, USA) and T.W. Kimmerer (Lexington, KY, USA) 251
Molecular approaches to gene expression during conifer development and maturation
K.W. Hutchinson and M.S. Greenwood (Orono, ME, USA) 273
Structure and regulation of photosynthesis genes in *Pinus sylvestris* (Scots pine) and *Pinus contorta* (lodgepole pine)
P. Gustafsson, S. Jansson, J. Lidholm and A.-K. Lundberg (Umeå, Sweden) 287
Genetic engineering of wood
R. Whetten and R. Sederoff (Raleigh, NC, USA) 301
